

## LAST BATTLE FOUGHT IN THE BOER WAR

### British Occupy Komati- Poort After Feeble Resistance.

#### ONLY FEW SHOTS FIRED

Much Railroad Stock and Ammunition Captured—Mercenaries Take Refuge in Lorenzo Marquez—Portuguese Authorities Promise to Maintain Them and Give Them Transportation to Their Homes.

By Exclusive Wire from The Associated Press.  
London, Sept. 24.—Lord Roberts reported from Pretoria, under date of Sept. 21, that the guards, under P. Carey, occupied Komati-poort this morning. The bridge was found intact. Much rolling stock, locomotives and truck-loads of "Long Tom" ammunition were captured. Only a few shots were fired.

"Pretoria has captured Ermasmas' camp, 3,000 cattle, 8,000 sheep and twenty-three prisoners."  
"Methuen has made another big haul of stock."

The British commander-in-chief in South Africa also reports that the Boer troops remaining in the Eastern Transvaal are completely "out of hand," and says they are mostly burghers, the foreign mercenaries having gone to Lorenzo Marquez, owing to the Portuguese government promising to maintain them while there and give them passage to their respective countries.

#### TRANSVAAL WILL RISE.

Opinion of Former Commissioner Sauer on South Africa.

By Exclusive Wire from The Associated Press.  
Cape Town, Sept. 24.—J. W. Sauer, the former commissioner of public works, introduced an independent resolution in the Cape parliament today, declaring that the spirit of independence in the Transvaal and Orange River colonies might be kept down by bayonets for a time, but it would rise again. The policy of South Africa, he further asserted, called for the restoration of the independence of the two republics.

The premier, Sir J. Gordon Sprigg, replied vigorously, advising Mr. Sauer to address himself to Messrs. Kruger and Steyn.

Mr. Schreiner, former premier, moved an amendment to Mr. Sauer's resolution to the effect that the two republics should be placed under the protection of the queen, with a guarantee preserving their national existence.

The house rejected Schreiner's amendment, and by a vote of 41 against 23, decided to go into committee to supply, without discussing Mr. Sauer's motion or the amendment.

#### ZION ELDERS DEPORTED.

After a Season in Jail Loblaw and Watts Are Sent Away.

By Exclusive Wire from The Associated Press.  
Mansfield, O., Sept. 24.—Zion Elders Mark A. Loblaw, of Chicago, and James Watts, of Hammond, Ind., arrived here today and went to a hotel, where their identity was known. A citizen compelled them to march to the city prison, where they remained until noon, when they were deported. A large crowd was at the depot when they left. No trouble was expected in getting them out of the city. The men are said to be British subjects.

#### IRON WORKERS STRIKE.

Men at Columbia Refuse to Accept 25 Per Cent. Reduction.

By Exclusive Wire from The Associated Press.  
Lancaster, Pa., Sept. 24.—According to the sentiment expressed tonight there will be no break in the ranks of the striking iron workers at Columbia, who today quit work upon the attempted enforcement of a reduction of twenty-five per cent. in wages, putting puddlers from four to three dollars a ton. The strike affects about a thousand men and boys employed at the plant.

"A Bit Shaky."

A man looks at his trembling hands and says: "I feel a bit shaky this morning, and shall need a brace." His real need is not nerve stimulant, but nerve strength. Dr. Pierce's Golden Medical Discovery gives strength to the nervous system. It does not brace up, but builds up. It is entirely free from alcohol and from opium, cocaine, and other narcotics usually found in so-called nerve medicines.

Accept no substitute for "Golden Medical Discovery." It cures.

David Duggins, Esq., of Jones, Ohio Co., Ky., writes: "When I began taking Dr. Pierce's Golden Medical Discovery I think I had nervous or general debility of three years' duration. I took three bottles of the 'Discovery.' During the time I was taking it my sleep became more refreshing and I gained fifteen pounds weight, and also gained strength every day."

Free. Dr. Pierce's Medical Adviser is sent free on receipt of stamps by post of mailing only. Send 21 one-cent stamps for book bound in paper, or 31 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

played in the four mills of the Susquehanna Iron and Steel company at Columbia, and six or seven hundred more employees at the Aurora furnace at Wrightsville, the Vesta furnace, at Watts station, and the York rolling mill, all of which are controlled by the Susquehanna company. The strikers are quiet and no demonstration whatever has so far occurred.

The three dollar rate is in force at all mills in the combine, but the strikers refuse to accept it, because four dollars is paid at one of the Lebanon mills and other independent works.

#### CHRIS EVANS TALKS.

The National Organizer's Opinions Upon State Militia.

By Exclusive Wire from The Associated Press.  
Indianapolis, Sept. 24.—W. B. Wilson, secretary-treasurer of the United Mine Workers, left today for Maryland to adjust some disputes between the operators and miners. It is hardly probable that he will go to the anthracite regions.

Chris Evans, national organizer for the American Federation of Labor and manager of the Mine Workers' Journal, believed that serious trouble will be avoided in the mines of the anthracite field.

"One thing is certain," said he. "The calling out of the state militia in so many places to assist the operators against the demands of wage workers will have an effect on the militia in the future. This feeling against enlisting in the state militia is growing with members of trades unions. The feeling is worse among the workers in the anthracite regions, but I hope there will be no further trouble and bloodshed."

#### CABINETS LABOR WITH GERMANY

An Effort to Induce Her to Abandon Demand for Surrender of Instigators of Anti-Foreign Outrages.

By Exclusive Wire from The Associated Press.  
London, Sept. 23, 24.—A semi-official announcement has been issued in St. Petersburg that the German cabinets are engaged in an endeavor to induce Germany to abandon her demand for the surrender of the instigators of the anti-foreign outrages as a preliminary to peace negotiations.

The Vienna correspondent of the Daily Chronicle asserts that Russia's reply to the German note is very friendly, but that, although it appears to consent to Germany's proposal, it practically disposes of the matter, whether it would be best to open peace negotiations first and make the punishment of the instigators of the outrages the first subject of discussion. According to the Berlin correspondent of the Daily Express, Germany will make a new proposal, namely, that the great powers form an international court to try the Chinese officials accused of complicity in the outrages.

The Morning Post has the following from its Shanghai correspondent, dated yesterday:

"The Russians recently organized an expedition toward Mukden, which has already reached Liao Yang, about midway between Niu Chwang and Mukden. It will probably encounter opposition."

"Prince Tuan's ascendancy creates a very grave danger. The only hope for foreigners is that the pro-foreign vice-roy of Nankin has not yet been removed. Tuan's emissaries are working hard to get him out of the way by murder or suicide."

The British and continental press is still discussing America's reply, which is generally regarded as encouraging Li Hung Chang to delay the negotiations.

General Dribsky, military governor of Amur, has published elaborate regulations, placing all the regions along the Amur river now occupied by the Russians indirectly under Russian law. The Chinese are forbidden to return to the left bank of the stream. He has also issued a proclamation declaring the annexation of Manchuria to be a punishment for the attack made on Blagovestchensk, and exhorting the inhabitants hereafter to respect Russia's power and to live in peace and quietness on their fields.

A semi-official communiqué to the Cologne Gazette, disavowing any desire on the part of Germany to execute the instigator of the outrage on the strength of the testimony of the foreign ministers, says: "The international court of justice would decide upon the question of guilt and would pronounce sentence. To look on complacently while a mockery of justice, such as the United States demand, was being enacted would mean a renewal of the massacres."

Commenting upon the reproaches which the Cologne Gazette and other German papers have leveled against the United States, the Berlin correspondent of the Times says: "Whatever may be thought of the attitude of the United States, it hardly seems wise from a diplomatic point of view to hurl these taunts at a nation which, as experience has shown, is by no means in the habit of pocketing or forgetting such attentions."

#### PROPOSED DEBATE TO BE ABANDONED.

By Exclusive Wire from The Associated Press.

Washington, Sept. 24.—At a meeting of the committee of the National Civic Federation here tomorrow the debate on "Imperialism" and other questions, which had been set for Oct. 1, 2, 3 and 4, will be formally abandoned. Ralph M. Easley, secretary of the federation, announced today that he has been unable to secure a properly balanced program of speakers.

#### CHESTER'S INCREASE.

By Exclusive Wire from The Associated Press.

Washington, Sept. 24.—The population of the city of Chester, Pa., as officially announced today, for 1900, is 14,967, showing an increase of 5,229, or 35.82 per cent. from 1890 to 1900.

#### CHESTER COUNTY CASE.

By Exclusive Wire from The Associated Press.

Harrisburg, Sept. 24.—Judge Simonson made an order today awarding the writ of mandamus prayed for by counsel for the Indian party of Chester county to compel Secretary of the Commonwealth to issue the certificates of nomination of its executive candidates. The court did not give any reasons, but stated that an opinion would be filed later.

#### RISKED LIFE TO SAVE HIS HAT.

By Exclusive Wire from The Associated Press.

Bordentown, Sept. 23.—Joseph Drouble, aged 29 years, of Beverly, while riding on a trolley car from White Horse to Bordentown this afternoon, lost his hat. He made an effort to get at the car and fell, striking on his head, and sustaining concussion of the brain. He is still unconscious.

## BOTH SIDES NOW CLAIM GAINS

the scarcity of water here is proving a great inconvenience to the troops.

General Gobin sent Major Halbertstadt, brigade surgeon, to Mahonoy City, to inspect available camp sites.

#### WORK CONTINUES AT WEST END

Despite Efforts of the United Mine Workers the Owners Have Been Able to Keep Men Employed.

By Exclusive Wire from The Associated Press.  
Wilkes-Barre, Sept. 24.—The coal operators in their review of the strike situation in the anthracite region today, say:

"The situation in the Wyoming and Lackawanna valleys is unchanged. In the Schuylkill region the presence of the militia is a novelty for the population, which regarded the situation somewhat. As soon as the excitement incident to the arrival of the troops dies out, a general resumption of operations is expected. An increased output is also looked for in the Lehigh region tomorrow."

The United Mine Workers of this district, issued the following statement tonight:

"The eighth day of the strike shows the men in the Wyoming region to be more united than ever. All the mines that were idle today and three others, which were in operation part of last week, were not in operation today."

"Our men are quiet and orderly and gaining accessions to their ranks every day. A new assembly of United Mine Workers was organized at Pottsville today. The men in that section are thoroughly organized now. The miners of Lehigh are also well organized. On the whole the situation is very encouraging."

The owners of the West End Coal company are congratulating themselves over their good luck. Despite the efforts of the United Mine Workers they have been able to keep their mine in operation, the only one in the Wyoming and Lackawanna districts. John Conyngham, the president of the company, said the output today was nearly as great as any day last week and he thought that by tomorrow the full quota of the colliery would be mined.

President Mitchell has notified Organizer Nichols, of this district, that the true situation of affairs from the strikers' standpoint should be laid before the men employed at Moccasin.

#### SOFT COAL MEN REAP HARVEST

Net Advance in Bituminous of Fifty Cents a Ton—Prices Will Be Maintained.

By Exclusive Wire from The Associated Press.  
New York, Sept. 24.—President Theodore Roosevelt, of the Lackawanna road, said today that he had heard nothing more about the intended visit of the switchmen of his road and he felt sure that the report of their dissatisfaction was unfounded.

Bituminous coal men continue to reap a harvest as a result of the hard coal strike. The net advance in soft coal since last Friday, according to the latest figures, is fifty cents a ton, and with matters as they are in the anthracite region, another rise in the price of soft coal may be looked for. The soft coal men say that even should the strike cease, they will maintain the present prices, as the demand for soft coal is so great that it is large to enable them to get the rate asked for.

A private message received by Vice-President Theodore Roosevelt of the Pennsylvania company, stated that all was quiet at the company's mine. Mr. Roosevelt is still confident that the strike will terminate before long.

#### GOVERNOR STONE RECEIVES TELEGRAMS.

Many Persons Have Nebulous Ideas of His Powers.

By Exclusive Wire from The Associated Press.  
Harrisburg, Sept. 24.—Governor Stone received telegrams today from Chester, Reading, Pottsville, Clarksburg and numerous other cities, urging him to use his good office in the interest of adjusting the differences between the mine operators and their employees in the anthracite region. There is no provision of the constitution authorizing the executive to use such power, and the governor is without a remedy to bring about the results desired by the senders of the telegrams.

Major General Miller and his adjutant general, Colonel William J. Elliott, of Philadelphia, are still on duty at National Guard headquarters by the governor's directions and they will not be relieved until he is satisfied it will not be necessary to send additional troops into the strike region.

The management of the campaign and the disposition of the troops is being left entirely to General Gobin, although the major general is nominally in command. The advice tonight from Tower City is that the 1,200 employees in the colliery at that place will go out tomorrow. The colliery is controlled by the Philadelphia and Reading Coal and Iron company and has been working full time since the strike was declared.

#### DEPUTIES ARE INDIGNANT.

Claim the Story Regarding Robbery of Polander Is False.

Wilkes-Barre, Sept. 24.—Hamilton Farnham, A. R. Shoemaker, Jr., and Van Buren B. Howard, the three young deputies arrested at Freeland Saturday night, charged with robbing

a Polish dealer in beer, are indignant at what they allege to be highly sensational dispatches sent out from Hazleton trucks and correspondents regarding the affair. The young men are members of prominent families in Wilkes-Barre. In a card to the Associated Press they say their side of the case has been misrepresented. Their story, in substance, is as follows:

When they refused to allow Yeschawitz to deliver the beer to the man to whom it was consigned the latter said he had paid for it in advance and if he could not get the beer he wanted his money back. Yeschawitz said he had no money with him, but if the man would go back with him to Freeland he would see that he got it. The man declined to do this, saying he was afraid. The three deputies then volunteered to go and see that the man got his money back. When Freeland was reached Yeschawitz demanded 50 cents from each of the deputies for the ride, which they refused to pay. Then they were attacked and correspondents were arrested by a constable. The deputies had plenty of money of their own and were serving as deputies because the sheriff had called upon them.

#### ORGANIZER CLAIMS GAINS.

General Gobin Bars Secret Meetings of Mine Workers.

By Exclusive Wire from The Associated Press.  
Shenandoah, Sept. 24.—George Harris, national organizer of the United Mine Workers, arrived here today from Mt. Carmel. At that place he addressed a meeting which he said was attended by about 5,000 mine workers, 3,000 of whom, he said, joined the union. Organizer Diller came here to address a meeting of the English-speaking mine workers and to enroll as many as possible into the United Mine Workers.

General Gobin says he will not permit any secret meetings of mine workers and the latter say their meetings are all public, because there is not a hall in the town large enough to permit all those who attend.

#### BITUMINOUS COAL OPERATORS HAPPY

They Do Not Fear the Threatened Boycott—Anthracite Cars Are Plenty.

By Exclusive Wire from The Associated Press.  
Altoona, Pa., Sept. 24.—A number of the bituminous coal operators in this district have offices here. The Associated Press correspondent interviewed them today on the alleged threatened boycott by the miners of soft coal shipments heretofore supplied by the anthracite mines. They all ridiculed the movement and doubted its efficacy. They reflect the sentiment among the operators of the entire district.

"Shipping as we do to general distributing points such as Amboy and Greenwell, how are the men going to know what ultimate destination our coal reaches?" asked one.

The latest demand for Reading and Lehigh Valley cars may send some of them to this field as carriers for our product. I would judge that our men would refuse to load them, but this is unimportant. The strike has also released some 1,000 Pennsylvania cars previously used in the hard coal fields and if we get these we won't lack."

#### GOMPERTS' ADDRESS ON LABOR.

He Believes the Strikers Will Win Anthracite Battle.

By Exclusive Wire from The Associated Press.  
Cincinnati, Sept. 24.—Samuel Gompers, president of the American Federation of Labor, tonight delivered an address on labor at the fall festival, which is now on progress at Music hall. He was very pronounced in his opinion that the anthracite strikers will win.

"Behind them," he said, "is an unutterable want. They have been hungry so long that they will suffer nothing uncommon from protracted idleness. It is pitiable to see the suffering of the men and their families because of palfrey wages. I speak from what I have seen, for I have been in the anthracite region. The American Federation of Labor will give them all possible financial aid. Approaching cold weather will cause an increased shortage in coal and this will affect the operators. I have sent organizers into the field and the strike will be solidified. They will have the sympathy of the general public. The laborers in this conflict have everything on their side but the opinion of the operators."

#### COAL SHIPMENTS FALL OFF.

Decrease 65 Per Cent. on Hazleton Division of Lehigh Valley.

By Exclusive Wire from The Associated Press.  
Hazleton, Sept. 24.—The coal production in the Hazleton region, judged by the shipment over the Hazleton division of the Lehigh Valley railroad, has fallen off 65 per cent. since the strike was inaugurated. Last Saturday there were 256 loaded cars of coal hauled over that division, which is 544 cars less than the daily average shipment. Cox Brothers and Evans, which operate twenty-four collieries in this region and haul all of the coal mined over its own railroad, is not included in the above figures.

Markle & Company's production is picking up, as more coal was shipped today than that company's mines on Saturday than on Friday.

#### M'GINNIS MISQUOTED.

Has Always Cautioned Men Against Shooting.

By Exclusive Wire from The Associated Press.  
Shenandoah, Pa., Sept. 24.—D. R. James, of the Cambridge Coal company, tonight emphatically denied that his partner, J. C. McGinnis, had made the speech accredited to him this afternoon, quoting him as instructing his employees to shoot at once if attacked.

Mr. James said: "We have been careful to caution our men not to fire any shots. We have advocated peaceable measures at all times. In case of any disturbance, then we will depend on the troops."
